Part II—Particulars of decision

The Preseli District Council

hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1990 that **outline planning permission has been granted** for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:

1. Application for approval of reserved matters must be made not later than the expiration of three years beginning with the date of this permission and the development must be begun not later than whichever is the later of the following dates:
 - (a) the expiration of five years from the date of this permission; or
 - (b) the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved;
2. The occupation of the dwelling shall be limited to a person solely or mainly employed, or last employed, in the locality, in agriculture (as defined in Section 336(1) of the Town and Country Planning Act, 1990), or in forestry or a dependant of such a person residing with him/her or a widow or widower of such a person.
3. Detailed drawings showing the plans and elevations of the buildings, the layout of the site, an overall landscaping and planting scheme, the means of vehicular access and adequate vehicular, parking and turning facilities shall be submitted to and approved by the Local Planning Authority before any development is commenced on the site.
4. The detailed drawings referred to in Condition 3 shall incorporate the following design brief. The design shall take full account of the traditional design criteria of the area in terms of mass, form, proportions, materials and detailing. In particular, the building shall have a 40° pitched roof covered in natural slate or dark grey fibre slates. Building spans shall

The reasons for the conditions are:

1. Required to be imposed pursuant to section ⁹²~~42~~ of the Town and Country Planning Act ¹⁹⁹⁰~~1977~~.
2. The site lies in an area within which the Local Planning Authority would not normally grant permission for new residential development. This permission is only granted because of the special agricultural need and the residential occupancy is restricted accordingly.

not exceed 20ft. and external walls shall be roughcast or smooth rendered and coloured. Windows shall have a distinct vertical emphasis and subscribe to one modular width and components of that width throughout the building. Any chimney stacks shall be symmetrically mounted astride the ridge and finished entirely in red engineering brickwork to the attached detail (Ref. D2/92/1159/A).

5. A scheme for additional trees and shrubs to be planted on the land shall be submitted to the Local Planning Authority for approval at the time of the submission of detailed proposals. The scheme shall include for the division off of the application site from the remainder of the land holding by means of a hedgebank and/or a hedge incorporating indigenous species such as hawthorn or blackthorn.
6. The existing hedgerows on the site shall be protected during the development operations and thereafter be retained at all times to the satisfaction of the Local Planning Authority.
7. The agreed landscaping and planting scheme shall be carried out during the first planting season following the date when the dwelling is occupied.
8. Adequate facilities for parking and turning shall be made available at all times within the curtilage of the site to the satisfaction of the Local Planning Authority and plans showing these arrangements shall be submitted for approval. These works are to be completed before the development is brought into use.
9. All surface water shall be trapped and disposed of so as not to flow onto any part of the public highway.
10. The surface of the Drive shall be paved for a minimum distance of 10 metres behind the edge of carriageway.
11. The proposed septic tank and ancillary soakaway system must conform to BS6297 and no part of the system is to be sited within 10m. of any watercourse.

Reasons - continued

3. To enable the Local Planning Authority to retain control of the development.
4. To achieve a satisfactory standard of design.
- 5,6. In the interests of visual amenity and to assist in the assimilation of the building into the landscape.
7. To ensure that the approved scheme is carried out within a reasonable period.
8. To reduce the likelihood of obstruction of the highway or danger to road users when vehicles are leaving the premises.
9. In the interests of road safety.
10. To ensure that no deleterious material is carried onto the road.
11. To ensure a satisfactory method of drainage.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for Wales in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Welsh Office, Summit House, Windsor Place, Cardiff CF1 3BX. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for Wales, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) *The Statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.*
