DESCRIPTION

Highfield is a fine detached residence standing within one of the most delightful gardens in the locality, extending to approximately 0.2 of an acre. Over the years the grounds have matured, surrounded by a variety of mature trees and importantly with a southerly aspect to enjoy the sunshine throughout the day. In addition, there is a substantial raised terrace which is ideal for entertaining during the summer months and steps down to the well tended lawn.

Positioned in a sought after location approximately 200 yards from the revitalised village centre which includes a supermarket and Costa Coffee. The property is also well placed for access to the motorway network and within the catchment area of highly regarded primary and secondary schools.

The accommodation retains much of the original character with tall ceilings, impressive wood panelled staircase and inglenook fireplace to the sitting room, all of which combines to create a superb home with much further potential. Although well cared and ready for immediate occupation this individually designed family house also presents an opportunity to remodel to an individual taste.

Approached beyond a carriage driveway the accommodation is spacious throughout with the benefit of gas fired central heating and PVCu double glazing.

The impressive recessed porch is set within a decorative brick archway and the wide entrance hall leads onto a naturally light dual aspect sitting room with sliding windows opening onto the aforementioned stone paved terrace. The adjacent dining room features a stunning copper fireplace and overlooks the delightful grounds. The fitted kitchen features a range of integrated appliances and there is a useful utility room. In addition, the family room provides space for both seating and dining and a cloakroom/WC completes the ground floor.

At first floor level the generous primary suite enjoys commanding tree lined views and comprises double bedroom with fitted furniture and shower room/WC. Three further bedrooms are served by the fully tiled family bathroom and separate WC. Furthermore, there is a staircase from the landing providing access to the loft space which may be improved to create additional living space, subject to obtaining the relevant consent.

Remotely operated wrought iron gates provide access to the continuation of the pattern impressed driveway and detached double garage with twin doors.
